

## Minecraft for Education

For this camp you will need a personal computer capable of running the Minecraft for Education application. Minimum computer requirements are listed below. You will also need a webcam, mouse, and a headset to attend the Adobe Connect live meetings with your instructors.

PC (right click My Computer icon > Properties)

- Windows 7 or higher
- Intel Core i3-3210 3.2 GHz or AMD A8-7600 APU 3.1 GHz or equivalent
- 2GB RAM
- Intel HD Graphics 4000 (Ivy Bridge) or AMD Radeon R5 Series (Kaveri line) with OpenGL 4.4
- At least 1GB Hard Disk space

Mac (click Apple icon > About this Mac)

- High Sierra (10.13.0) or higher
- Intel Core i3 or higher
- Intel HD Graphics 4000 (Ivy Bridge) with OpenGL 4.4 (check the graphic card on your mac from <https://support.apple.com/en-us/HT202823>)
- At least 1GB Hard Disk space

Download before the first day of camp

- <https://education.minecraft.net/get-started/download/>
- Your Minecraft account and the password will be given to you the first day of the camp and expire the last day of camp.

## Adobe Connect

Test your connection before attending camp:
